

# DARWIN CONVENTION CENTRE

Client **Hassell** Scope **Wayfinding and Signage**  
Year 2007-08

Opened in May 2008, the Darwin Convention Centre (DCC) is one of the first projects that make up the Waterfront redevelopment in Darwin. The centre houses a variety of venues, including exhibition halls, function rooms and meeting rooms. Dot Dash developed a wayfinding strategy and designed a sign family for the DCC and its surrounds.
