

DARWIN WATERFRONT

Client **Macmahon Contractors** Scope **Sign Program** Timeframe **2007-2009**

Darwin Waterfront is a newly-developed precinct close to the Darwin CBD. It is home to a wide range of destinations and facilities, including the Darwin Convention Centre, Wave Lagoon, hotels, shops, residential apartments and parklands.

Our use of pre-cast concrete panels as supports for the wayfinding signs echoes the recurring use of concrete in sea walls and paths throughout the precinct, and integrates the signs within the surrounding urban landscape.
